

# Investing in the Springfield *community*

*The heart to heal,  
the strength to grow.*

Our spirit is strong, it thrives as we embrace those who we must always care for.

Our journey has been long and we will continue to flourish as we open our hearts to those who walk with us. **Always.**

Mater Private Hospital Springfield acknowledges that our services are provided on Aboriginal and Torres Strait Islander lands and pays respect to their Elders—past, present and emerging.

This artwork concept and narrative was developed by David Williams. David is a proud Wakka Wakka artist at Gilimbaa.

# Mater Health Hub, *Springfield*

## Mater Health Hub, Springfield marks a new era in healthcare delivery.

It is Mater's first purpose-built centre for education, healthcare and wellbeing services, located in the heart of the community.

**Delivering exceptional care beyond the hospital, and in the comfort of your own home and community.**

## Mater Health Hub, Springfield features:

 **specialist medical services**

 **pathology**

 **physiotherapy**

 **podiatry**

 **dietetics**

 **psychology**

 **Mater Education's state-of-the-art simulation rooms to deliver the popular Diploma of Nursing**

 **a range of allied health services related to mothers and babies, women's health, cancer care and healthy ageing.**

## The Services

Mater Health Hub, Springfield has been developed to respond to the current and emerging healthcare needs of the Springfield community, with a particular focus on young families and women's health.

Mater's Health Integration and Community Care (HICC) team is located at the hub, delivering multidisciplinary services related to:

 **mothers and babies**

 **women's health**

 **cancer care**

 **chronic disease management**

 **healthy ageing**

## Pathology

Mater Pathology is also located on site, providing diagnostic and consultative services.

Mater Pathology is the only not-for-profit private pathology service in Springfield. We are also 100% Australian owned and operated.

Profits are reinvested into advancing treatment options and improving care and outcomes for patients through health, education and research.

Mater Pathology provides a 24-hour analytical and consultative service for patients and clinicians.

**The only not-for-profit  
private pathology in  
Springfield**

# Overview of *Mater in Springfield*

## Mater's vision for the Springfield hospital precinct is innovative and contemporary.

and support every  
step of the way.**

# Mater Education

## Mater Health Hub, Springfield is home to the first Mater Education Diploma of Nursing course offered in the region.

Dedicated to growing the next generation of healthcare workers, Mater Education is Australia's only nationally-accredited, independent, hospital-based Registered Training Organisation.

It is renowned for delivering engaging training through state-of-the-art simulation technologies.

Students of Mater Education's 18-month Diploma of Nursing course gain hands-on real-life experience during placements at the nearby Mater Private Hospital Springfield.

With 11 hospitals across Queensland, Diploma of Nursing graduates have access to job opportunities and career development through the Mater network.

## Training and Courses

A range of qualifications and programs are offered at Mater Health Hub, Springfield including:

- **Certificates III and IV**  
Career entry qualifications in health services assistance, health administration, allied health assistance and pathology collection,
- **First Aid and CPR**  
Accredited training for individuals or bespoke programs for groups.
- **Mater Mothers' First Aid for Babies**  
Endorsed by leading neonatal critical care specialists and paediatricians, the course equips parents and carers with first aid skills to feel confident to care for a baby in the event of an emergency.

## Facilities:

Mater Health Hub, Springfield offers the following facilities for students:

**3 classrooms**

**5 simulation rooms**

**auditorium**

**break out areas for small group learning or personal study time**

**a multi-purpose, community area with kitchen facilities for community groups, dietitian demonstrations and cooking classes.**

**Growing Springfield's healthcare workforce of the future**
