

Celebrating International Women's Day

International Women's Day is...

An important opportunity to celebrate the wonderful contribution that so many amazing women make to our society. It is also a time to reflect on the challenges that women face and ensure that we are continually striving for and also demanding equality.

Embodying Mater mission and values

I am drawn to work at Mater because I am connected to something greater than myself. Serving our communities, doing it with compassion and integrity and striving for excellence keeps us all grounded and motivated.

Female influences who have helped shape my life

I have an incredible mother who gives me inspiration and motivation to be the best version of myself that I can be. She is wise, successful and driven to serve the community.

Words of wisdom

Everyone brings something to the table. We are all different, but we all have something to offer.
