

Questions to ask when meeting your specialist team

- Where is my bowel cancer?
- How advanced is my bowel cancer?
- Will I need extra help at home after treatment?
- What are my treatment choices?
- How will my bowels be affected after treatment?
- How long will I need to be off work?
- Will I need a stoma?
- Will treatment affect my sexual function or fertility?
- Are there any clinical trials suitable for me?

Here's some space to take notes from the meeting:
