

Premium Suites

A shared vision *for patient care*

At Mater Private Hospital Brisbane, we believe healing begins with dignity, comfort and compassion. Our premium inpatient suites embody a long-standing commitment to excellence in healthcare—providing patients with a private, contemporary space to rest, recover and feel truly supported.

Thanks to the generosity of **Gina Rinehart AO** and the **Rinehart Medical Foundation**, these suites offer privately insured and self-funded patients a personalised environment for healing, particularly those receiving care for long-term or complex conditions such as gynaecological and breast cancers, neurological disorders and palliative support.

These thoughtfully designed spaces reflect our commitment to delivering care that is both clinically exceptional and deeply compassionate. Patients are offered the comfort, privacy and dignity they deserve—supporting not only physical recovery, but emotional wellbeing.

At Mater, we understand that true healing happens in an environment where people feel respected, reassured and genuinely cared for.

Tracey Hutley
General Manager
Mater Private Hospital Brisbane
