

How to apply

Mater Graduate Nursing and Midwifery
Transition to Professional Practice

Thank you for your interest in working at Mater and being a part of our graduate nursing program. You are almost at the end of your journey as a student and about to embark on a new journey into your nursing and midwifery career.

At Mater our midwives and nurses are foremost carers. Care underpins a value set held both by the Mater Mission and by our staff, and our midwives and nurses are proud and privileged to deliver care to the community. Care describes the way we connect with patients, families and the wider community in a therapeutic and personal way, demonstrating

a genuine concern and compassion. But, care can be more than something that defines our relationship with our community.

Our aim is for midwifery and nursing at Mater to be known as an iconic team within our industry that deeply cares for each other within our professions and also our colleagues outside our professions.

We want the care we show to be a source of pride, support, teamwork and professionalism that makes us ambassadors of Mater and each other.

As graduates, Mater is a place to start and progress your career, with unparalleled clinical diversity, a variety of facilities, world class education, professional development and support, backed by high quality research and evidence.

Working at Mater provides you with career opportunities within and beyond the clinical environment, with clear pathways, support and inspiration to take Mater further.

We want you to excel in your career. Excellence in your nursing and midwifery care will only happen by providing you with education, strong support, coaching and mentoring. We want to equip, enable, empower and encourage you to drive a culture of innovation and exceptional care at Mater.

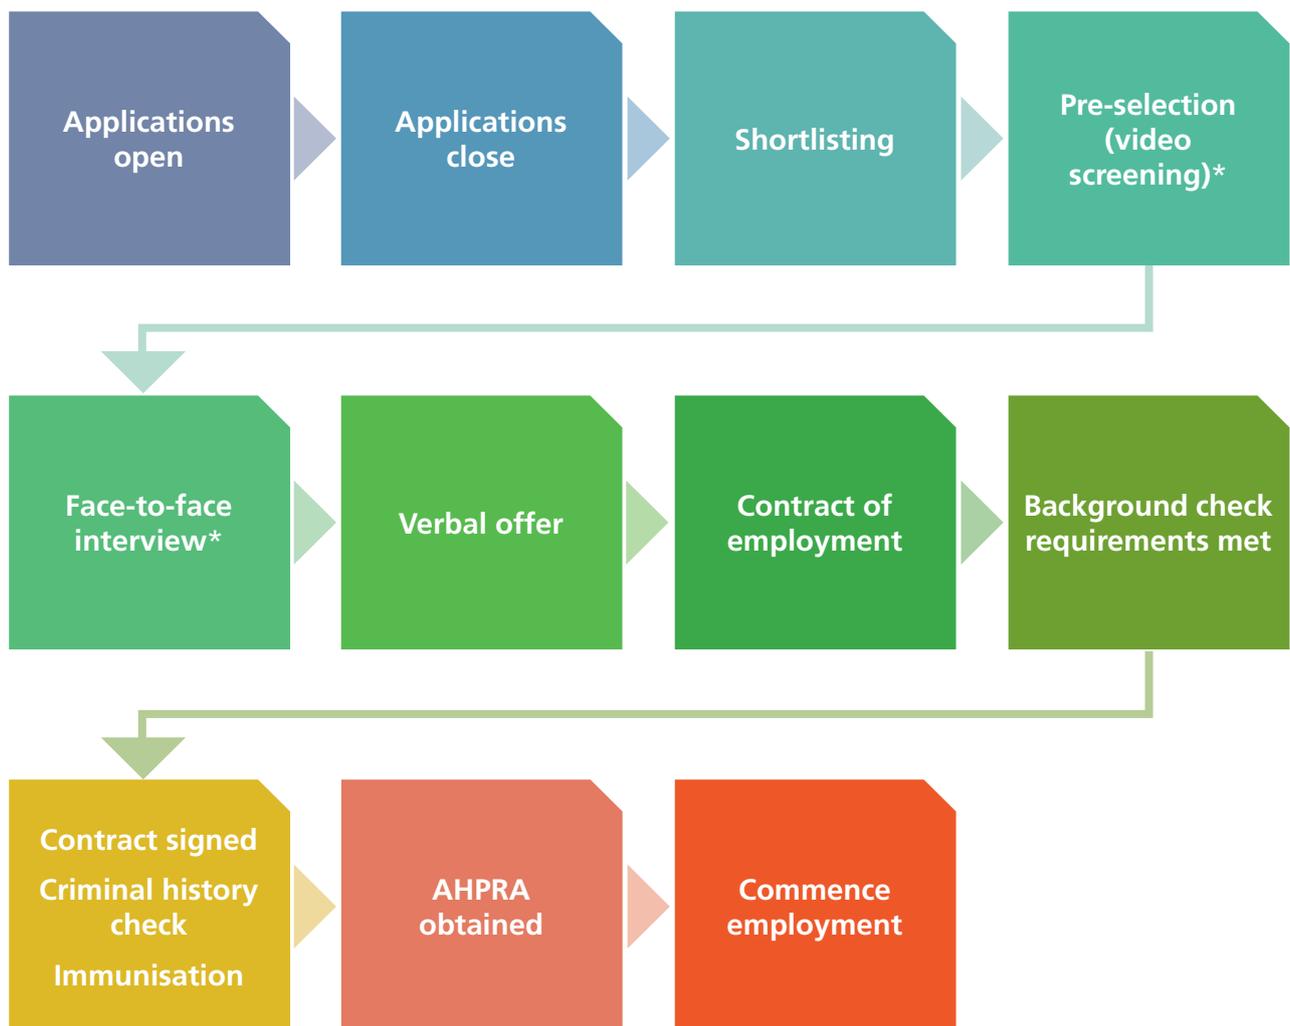

We don't see you as graduates. We see you as the leaders of the future. Our future.

Callan Battley,
Chief Nursing and Midwifery Officer

Registration</p>	<ul style="list-style-type: none"> • Meet all requirements and eligibility to obtain AHPRA registration <p>AND</p> <ul style="list-style-type: none"> • Hold registration prior to the employment date of commencement <ul style="list-style-type: none"> » If you require an International English Language Testing System (IELTS) to satisfy AHPRA registration requirements these test results must be submitted with your application
<p>3. Working Rights</p>	<ul style="list-style-type: none"> • Be an Australian citizen or hold a working visa that allows full-time ongoing employment in Australia <ul style="list-style-type: none"> » Sponsorship is not available for graduate positions.

Please note: Mater has a responsibility to place Queensland graduates first to fill available positions. Therefore non-Queensland students will only be considered if we are unable to fill positions with Queensland applicants.

Application ranking—Registered Nurse/Midwife

Please note the Mater EN graduate program is only open to Mater Education Diploma of Nursing graduates.

Mater has a responsibility to place Queensland graduates first to fill available positions.

Therefore non-Queensland students will only be considered if we are unable to fill positions with Queensland applicants.

Tier 1 Applicants who are:

- undertaking their studies at a Qld university, and
- Australian Citizens/Australian Permanent Residents/
New Zealand Citizens

Tier 2 Applicants who are:

- are undertaking their studies at an interstate or New Zealand university,
and
- Australian Citizens/Australian Permanent Residents/
New Zealand Citizens

Tier 3 Temporary visa holders and international applicants

Application requirements

For your application to be considered you must submit in full:

- **Resume** (see “Preparing your resume”)
- Completed **selection criteria**
- Details of two (2) **referees** who are able to report on your clinical experience
 - Referees can be:
 - » A university clinical supervisor
 - » A preceptor/manager or nurse/midwife who had a direct supervisory role (within the past two years)
 - » You must include their title, contact phone number and their email address (professional email address preferred)

Application submission

Submitting your application

- Applications can only be accepted by online application and emailed applications can not be considered
- Ensure you have the entire required documentation ready at the time of submission as incomplete applications will not be considered
- Ensure you have completed and attached the selection criteria
- Ensure you have selected your preferences as these cannot be altered once submitted
- Make sure your application is submitted as early as possible and do not wait until the closing date to apply. An influx of applications on the final closing date could result in high level system demands and there is a risk of your application not being received

After submitting your application

- Once you have submitted all of the required documentation, you will receive an automated email acknowledgment of your application (please check your spam/junk folder)
- Applicants will not be contacted regarding their application until after the closing date
 - If you do not receive an email notification this mean we **have not** received your application, contact the Recruitment Team to confirm if your application has been received
- If you are not short listed for an interview, you will be notified via email

What to bring to interview

- Two (2) references
- Recent practical reports from your university clinical placement portfolio with evidence of your clinical experience and skills and comments from clinical supervisor and preceptor
- SPOT feedback reports
- If you are applying for a specialty program (such as critical care, oncology, neurosurgical, cardiovascular or perioperative) and have attended clinical placement in the specialty please bring a copy of your practical report
- Evidence of Australian residency status (if not an Australian citizen)

– Failure to bring this documentation with you will result in you being unable to progress with your interview.

Mandatory recruitment process

To be offered a graduate position all candidates must:

- Submit an online application
- Complete selection criteria
- Provide resume and reference details
- Complete pre-selection video screening
- Undertake a face-to-face interview
- Provide two (2) references

Interviews

Video screening

Video screening (or “asynchronous”) is a new form of pre-screening interview in which you, the applicant, are guided through a short online interview process through a user friendly online portal.

This video pre-selection screen can be completed at any time within the dates provided, that is suitable to you via any camera enabled device (i.e smart phone, tablet, computer).

You will be asked questions and your answer is recorded in front of your webcam. You will have one attempt at all the questions similar to that of a face-to-face interview. In order to prepare, there will be practice questions available to you so you feel comfortable with the process before completing your screen.

Face-to-face interviews

Interviews will be conducted by members of the recruitment and Mater clinical teams and last approximately 30 minutes.

Frequently asked questions

Is Mater a part of Queensland Health's Graduate Nurse/ Midwives Online Recruitment program (GNOR)?

Mater's graduate program is not associated with Queensland Health's Graduate Nurse Online Recruitment program (GNOR), and is a private organisation founded by the Sisters of Mercy.

I graduated more than six months ago, can I still apply?

Yes, to be eligible you must have recently completed or completed within the past 12 months a qualification in nursing and/or midwifery; or are due to complete the same prior to the start date for the graduate program.

Since graduating I have worked as a registered nurse and/or midwife, can I still apply?

Providing you have no more than six months' (or 900 hours) work experience as a registered nurse or midwife since graduation you can still apply.

I applied for the last graduate program at Mater, can I still apply?

Yes, if you graduated within the past 12 months with a qualification in nursing and/or midwifery; and have no more than six months' (or 900 hours) work experience as a registered nurse or midwife since graduation.

What happens if I submit a late application?

Applications lodged after the closing date will not be accepted.

What happens if I am unable to attend an interview?

As the face-to-face interview is an essential component of the Mater interview process, if you are unable to attend an interview, we are unable to proceed with your application. If you are applying from overseas or interstate you will need to be in Brisbane at the time of the interview. The recruitment team will endeavour to contact you at the earliest possible time so that you can organise travel arrangements.

How are preferences allocated?

We endeavour to allocate candidates to their preferred programs or clinical area, but due to limited places in some areas this is not always possible.

Your offer of employment will include the graduate program to which you have been allocated.

Can I accept an offer prior to having registration?

We are aware that you may require some time to obtain registration prior to starting on the graduate program and the recruitment process is timed to allow registration to be in place prior to the start date.

Please note that you would not be able to commence at Mater without AHPRA Registration.

What are pre-commencement requirements?

All new starters at Mater are required to meet requirements prior to commencement. These are:

- return a signed full copy of your employment contract
- undertake and complete a criminal history and working rights check (this is paid for by Mater through CV Check)
- meet your Mater Safety Health and Wellbeing (SHAW) requirements—return a medical history form and meet immunisation requirements.

Key contacts
